

KINGBOROUGH COUNCIL

2016/17 Directory

www.kingborough.tas.gov.au

MAYOR'S MESSAGE

I hope your Kingborough Council Directory serves you well.

These are exciting times for our community as we continue to grow and develop. Amid that exciting growth, we all want to protect and maintain the things that make Kingborough life so special and attractive – our natural beauty, glorious beaches and coastline, and our relaxed and peaceful lifestyle.

As we grow, plan, protect and nurture our community in coming years, staying in touch and working together will be vital. This Directory is developed by Council to help our community, sporting and cultural groups stay in touch and do good things together.

It also contains simple information to help you get the best out of Council services and programs.

As well as the usual roads, rates and rubbish basics, we run some of the most unique and innovative Council services in Tasmania, including our Volunteer Program, sports centre and aged care respite centre. We are proud to serve and support our community.

I hope it serves your needs, and helps you and your family make the most out of Kingborough life.

STEVE WASS
MAYOR

You're welcome to attend Council meetings.

Council meeting dates and times are advertised in the Mercury annually and online at www.kingborough.tas.gov.au, or you can find out by calling Customer Services on 6211 8200. Council meetings are held at 5.30pm on the second and fourth Monday of every month, unless it's a public holiday. [Meeting dates are published online \[www.kingborough.tas.gov.au\]\(http://www.kingborough.tas.gov.au\).](#)

Sometimes, sensitive items may need to be discussed at meetings (eg. personnel matters and contracts for goods or services). This section of the meeting may be closed to the community, and not audio recorded.

Copies of a meeting agenda are available four days before each meeting at www.kingborough.tas.gov.au, at the Civic Centre, or by calling Customer Services on 6211 8200. Audio recordings of council meetings are also available online.

Deputations to Council Meetings

A deputation is limited to three people and allowed a maximum of 15 minutes to present its case. Residents who wish to use these forums must notify the Mayor in writing, in advance. Generally deputations will be referred to the Council Committee which closely follows the subject matter. However, this is at the Chairperson's discretion.

Deputations are not permitted to discuss specific planning or development applications that are under consideration by Council, because there are other formal processes available for objecting to or supporting those applications.

Matters can often be resolved by talking with the Mayor or Committee Chairperson, without the need for a deputation.

Questions

Any member of the community can ask questions at the start of a Council meeting, but not during a special meeting. A question may be verbal or in writing. Both options must follow certain procedures:

Verbal questions

A period of 15 minutes, if required, will be set aside at each meeting for Questions without Notice (verbal). Lengthy introductions are not permitted and the Chairperson has the right to rule a question inadmissible if it is inappropriate, has already been asked, is unclear, irrelevant, offensive, relates to any matter listed on the current agenda, or would normally be considered in Closed Session. If a response to a question cannot be provided at the meeting, it'll be taken on notice and a written response forwarded as soon as possible. If time does not permit all questions to be put to Council, the questions will be taken 'on notice' and appear in the next Council meeting agenda as written questions.

Written questions

For a question to be listed on the agenda, a member of the public must provide that question, in writing, to the General Manager seven days before a meeting. A written reply will be provided to all such questions, and will be read aloud at the meeting and recorded in the minutes. There is no standard form for these questions, but they should be clearly labelled 'Question(s) on Notice'.

Petitions

The action requested in the petition must be presented factually, and within the Council's legal capacity to achieve.

A petition should contain the following:

- a clear and concise statement about the subject and the action requested of Council;
- a subject heading on each page;
- a brief statement on each page about the subject and the action requested of Council;
- a statement specifying the number of signatories; and
- the full printed name, address and signature of the person lodging the petition, at the end of the petition.

Petition forms and guidelines are available online at www.kingborough.tas.gov.au or from Customer Service at the Civic Centre.

Witnessing Documents

Justices of the Peace and Commissioners for Declarations are generally available during office hours at the Civic Centre, 15 Channel Highway, Kingston. Council does not provide an out-of-hours service.

If you cannot attend during office hours, you can seek help finding other JPs through the Justice Department on 1300 366 611.

CUSTOMER SERVICE

Our friendly and skilled Customer Service Team is your first point of contact when dealing with Council either by phone or in person.

The Customer Service Team is supported by a team of technical specialists from various departments in Council. Our Customer Service Team can be contacted on 6211 8200 between 8.30am and 5.00pm, Monday to Friday, or e-mail kc@kingborough.tas.gov.au. We look forward to assisting with your next enquiry.

Rates and Services

Just as higher governments collect taxes to fund services, the Council collects rates to fund the assets services it provides for the community – including roads, footpaths, bridges, parks and reserves, animal control, youth and aged services, environmental management, and planning services.

Property rates are Council's main source of revenue. Valuations provided by the Valuer-General are used to calculate the rates on each property.

You'll receive quarterly rates notices, requiring payment.

Rates can be paid in the following ways:

- At the Civic Centre;
- by mail;
- at any post office;
- by phone on 1300 886 451 (24 hour service);
- via MyPost Digital Mailbox;
- via BPAY through your bank;
- by internet at www.kingborough.tas.gov.au
- via Centrepay at Centrelink; or
- by direct debit.

For further information contact the Rates Office on 6211 8205.

What is MyPost Digital Mailbox

MyPost Digital Mailbox is a handy online tool to receive, view and pay your rates notice. It gives you convenience, security and peace of mind when managing your bills, statements and other transactions online. Sign up at www.digitalmailbox.com.au, enter your details, verify your account and then connect to Kingborough Council.

What is BPAY View

BPAY View allows you to receive and view your rates notice online through the secure environment of your internet banking provider.

PENSIONER AND GOVERNMENT HEALTH CARE CARD HOLDERS RATE REMISSION

Eligible Pensioner and Government Health Care Card holders are entitled to a remission of rates, subject to a range of criteria.

Ratepayers who have not previously claimed the remission and who hold a Pensioner Concession Card, DVA Gold Card (endorsed TPI or war widow only) or Government Health Care Card valid on 1 July can apply at the Civic Centre. Applications for the current financial year must be received prior to 31 March. Please bring your concession card and rates notice with you. Pensioners already receiving a remission do not need to re-apply as it should be included on their rates notice.

This remission does not apply to holders of the Commonwealth Seniors Health Cards.

For further information contact the Rates Office on 6211 8205.

YOUTH SERVICES

Council's Youth Services team provides information, programs and support to help meet the needs of young people in the community.

Youth Services also supports community members and groups in developing new initiatives to benefit young people.

yspace

yspace is Kingborough's Youth Centre, located at 98 Beach Road, Kingston. It offers a range of workshops throughout the year for young people aged 12 years and over.

Past programs have included spray art, cooking classes, First Aid, barista, circus skills, face painting, juggling and Responsible Serving of Alcohol training. Workshops are a great way to learn a new skill, meet new friends and enjoy different experiences.

YAK

Youth Action Kingborough is a group of young people who are involved with community projects. They help organise events, share their opinions about making Kingborough more youth friendly and raise issues that are important for young people.

School Holiday Activities

Youth Services provides various activities and events during each school holiday period. These may include recreational activities such as rock climbing, kayaking, rafting and laser skirmish, alongside other activities such as bowling, swimming and movies. Transport may be available for selected activities and times.

Youth Outreach

Council employs a Youth Officer to work with young people who have become disengaged from school or the community. Information and referral to specialist support services is available on a confidential basis.

Contact Youth Services for more information on 6211 8200, or email kc@kingborough.tas.gov.au.

YOUTH ACTION
KINGBOROUGH

FAMILY DAY CARE

Family Day Care is a home based childcare service providing quality care in the homes of registered educators supported by a co-ordination unit.

Family day care provides nurturing care in a secure and enriching home environment for babies and children up to 12 years of age.

Family day care can offer care:

- During standard hours
- Overnight
- Weekends
- School holidays
- Before/after school
- Play sessions for 3-4 year old children

In family day care, children learn through play whilst mixing with a small group. They

participate in activities planned by the educator to suit each child's individual needs. Children are able to connect with their world and community in real and meaningful ways. Family day care offers meaningful and often long-term relationships.

The coordination unit ensures the highest quality of family day care for children. They work in partnership with educators and families to discuss your childcare needs, to provide information about childcare and to assist you to find the right environment for your child. They are also there to monitor your child's wellbeing, learning and progress.

You can contact Kingborough Family Day Care on 6211 8295, or by e-mailing fdc@kingborough.tas.gov.au.

MANOR GARDENS CLUB

The Manor Gardens Club (Day Respite Centre) is located at 3 Manor Gardens in the Kingston suburb of Firthside.

It's one of the only Council operated respite services in Tasmania.

It provides daytime support and social opportunities for aged and frail citizens, as well as people suffering memory loss. In doing so, it provides vital respite for devoted but busy families and carers.

The service supports clients in a warm and friendly home-style setting. It offers regular fun activities, delicious home-cooked meals and a pleasant enclosed garden area.

Above all, it provides good fun, great company, and builds close friendships.

The centre's information booklet is available online at: www.kingborough.tas.gov.au

For more information, or to volunteer your time and support, please call 6211 8181 or E-mail manorgardens@bigpond.com.

The Club offers the following services:

- Transport to and from Manor Gardens;
- Morning tea, a two course lunch and afternoon tea (all home cooked);
- A wide variety of activities including gardening, music, poetry, art, bowls, games and exercise programs;
- Carer support and counselling;
- Referral to other services; and
- Weekly outings including picnics, barbeques, museum visits, cafes and special events.

Manor Gardens is open for guests from 10.30am to 3.30pm Monday to Saturday. It's closed on public holidays.

KINGBOROUGH VOLUNTEER PROGRAM

The Kingborough Volunteer Program is one of Tasmania's only Council funded and operated social programs designed to support older local residents.

The program was started after the Kingborough Positive Ageing Plan identified the need to help extend the time that older residents are able to live independently in their own homes.

It has expanded rapidly since being founded in July 2012 and currently has about 56 volunteers (aged between 24 and 90). Volunteers provide support to more than 160 clients aged over 65 throughout Kingborough.

They provide assistance for transport to appointments or shopping, pet support, light gardening and social activities.

The Volunteer Program is a whole of community health and well-being program which also provides social interaction. Whenever possible, volunteers and clients are matched to suit their personalities and interests.

For more information, or to express your interest as a client or volunteer, please contact the Program Co-ordinator on 6211 8136 or E-mail volunteers@kingborough.tas.gov.au.

COMMUNITY GRANTS PROGRAM

The Council's Community Grants Program helps not-for-profit community groups fund projects in areas like childhood development, sport and recreation, the arts, environmental and cultural appreciation.

The program helps boost participation in community life, share resources and opportunities fairly across the Kingborough region, and help people and groups with a strong service commitment to fulfil their potential.

There are two funding rounds each year, with each round offering \$30,000. Individual grants can be awarded up to \$5,000.

Each application must match half of the funding in order to be eligible and projects need to be delivered within the Kingborough municipality.

For more information, please call the Council's Community Development Officer on 6211 8200.

COMMUNITY EVENTS

Are you planning a public event in the Kingborough municipality?

To hold an event on Council land, you'll need to complete an Event Application form and may need the following permits:

- Temporary Occupancy Permit (for structures);
- Temporary Road Closure Application;
- Temporary Food Application (if you intend to cater or sell food); and
- Temporary Place of Assembly Licence.

These applications are required by our Building, Engineering and Environmental Health Departments, which can be contacted to help you.

Our Liaison Officer - Governance and Property, is also available to discuss your event planning. You should call as early as possible before your event, to allow time for the permit process.

The application and permit forms can be found on Council's website, along with the calendar of events.

To include an event please contact the Liaison Officer - Governance and Property on 6211 8200.

COUNCIL COMMUNITY EVENTS

The Kingborough Council organises several events each year to celebrate our active and vibrant community life.

Those events include our annual Love Living Locally festival and Kingborough Awards for volunteers. Other events include information days on Positive Ageing and various arts and culture awards.

Keep an eye on our website, social media channels and local newspapers to see what's happening in Kingborough.

KINGSTON BEACH ARTS HUB

The Council's Arts Hub at the Kingston Beach Hall is used by professional and amateur artists to exhibit their work in a top-notch gallery.

It provides an opportunity for artists to exhibit their work in an affordable space within the cultural heart of Kingston Beach, encouraging the celebration of the community's creativity.

The Arts Hub is also available for hire for meetings and presentations.

Contact Council's Arts and Cultural Development Officer on 6211 8200 for further information.

RECREATION

Sports Grounds

Council provides sports grounds to meet both the formal and informal needs of the community. Users need to apply to use sports grounds on either a seasonal or casual basis.

The Twin Ovals is Council's premier outdoor sporting facility and is available for use for high level sport on a hire basis. The sports pavilion (including function room) is jointly leased to the Kingborough Tigers Football Club and the Kingborough District Cricket Club, and is available for hire. For details, call the Council on 6211 8200.

Tracks and Trails

Information on the many great walking and multi-use tracks and trails in Kingborough is available online at Council's website. Individual track information can be easily downloaded and printed.

The guide, also available as a booklet, presents 36 walking tracks in Kingborough, ranging from short, easy strolls to full-day challenging walks, with some suitable for horses, mountain bikes and dogs on leads.

For information on tracks and trails in the greater Hobart area, including the highlights in Kingborough, visit the new website at www.greaterhobarttrails.com.au.

Mountain Biking

Some of the tracks and trails within Kingborough provide good riding opportunities for mountain bikers. Council also has a purpose built Mountain Bike Park within the Kingborough Sports Centre Precinct. This facility offers riders an opportunity to progress their skills from easy kids trails to more difficult dirt jumps and trail loops.

For further information on the Mountain Bike Park facility contact Council's Recreation Officer on 6211 8200.

Playgrounds

Playgrounds are provided throughout most areas of the Kingborough municipality. Popular playgrounds include the all-access playground at Dru Point in Margate, the Rotary Fitness Park in Balmoral Reserve, Kingston Beach and the nature play park in Burwood Drive, Blackmans Bay.

KINGBOROUGH SPORTS CENTRE

The Kingborough Sports Centre is one of the only Council run community sports centres in Tasmania.

It offers a great range of sports, including basketball, netball, squash, futsal, volleyball, martial arts, gymnastics, indoor cricket and table tennis.

The Centre provides some of the best sporting value for money you'll find anywhere in Tasmania and offers:

- Facility hire for all types of events
- A well-equipped Fitness Centre with highly-qualified staff and a variety of fitness classes and personal training options. Equipment includes treadmills, elliptical trainers, upright exercise bikes, recumbent exercise bikes, weights, and Jacobs Ladders.
- Classes such as Spin, Step, Punch, Pump'd, metafit, the Sufferfest, Cycology and Staying Active (over 55's).

- Pilates classes for beginners and advanced participants.
- Free child-minding.
- On-site café.

Main Sports Centre opening hours:

9am-11pm Monday to Friday

9am-12.30pm Saturday

12pm-6pm Sunday

Fitness Centre opening hours:

6am-8pm Monday to Thursday

6am-7.30pm Friday

8.30am-12.30pm Saturday

3pm-6pm Sunday

For more information, please call the Kingborough Sports Centre on 6211 8262, go to our website at www.ksc.tas.gov.au, or follow us on Facebook at "Kingborough Sports Centre".

EMERGENCY MANAGEMENT

With Australians facing several natural disasters since the turn of the century, disaster resilience has become a shared responsibility between all sectors of society, including all levels of government, business, the non-government sector and individuals.

The Council conducts risk management planning to identify potential risks and their likely consequences. It's impossible for the Council, or other levels of Government, to mitigate all the risks to the community, so we also plan for disaster recovery.

The Council encourages residents to do their own emergency planning.

Red Cross Australia has developed an excellent RediPlan brochure to help families. It's available on the Red Cross website or from Council.

Be pro-active, and talk to your family and friends about being prepared and staying safe in the event of a disaster. By working together, we build a stronger community and become more resilient to disasters.

The Council runs a nationally-recognised community resilience program.

[Visit Council's website for more information.](#)

NATURAL RESOURCE MANAGEMENT

Council's Natural Resource Management (NRM) Unit works towards developing and protecting a network of healthy natural areas in Kingborough.

When do you need Council approval to clear vegetation?

Council regulations apply to the clearing, lopping or disturbing (including slashing) of:

- native vegetation, including understorey (in some areas);
- native trees;
- vegetation near the coast or waterways; and
- trees listed on the Kingborough Significant Tree Register.

Before clearing or disturbing native bush on your property (including understorey scrub and native grasses) you should contact Council staff for advice about permit requirements. The Kingborough Interim Planning Scheme 2015 applies to all land use or development. In particular, the following activities are very likely to require a permit:

- any new works or clearing near the coast or waterways;
- any works less than 50m from a skyline or ridgeline;
- any works impacting on native vegetation in the Environmental Management Zone;
- any works impacting on more than 500m² of native vegetation in all other zones; and
- any works in all other zones impacting on native vegetation located within the Biodiversity Protection Area and containing values listed in Table 10.1 in the Biodiversity Code of the Planning Scheme.

Some use or development is 'exempt' from the Planning Scheme and does not require a planning permit, including:

- targeted removal of environmental weeds, in accordance with State government guidelines;
- maintenance of existing bushfire management zones around existing dwellings in accordance with an approved bushfire hazard management plan (retaining large trees); and
- maintenance of existing agricultural infrastructure without increased clearing beyond previous use boundaries.

Other agencies in Tasmania also regulate vegetation removal. It's important to check their permit requirements before removing vegetation.

For example, clearing for forestry or agriculture may require a certified Forest Practices Plan, and clearing for dam construction may require a permit under the *Water Management Act 1999*. Clearing can also impact on threatened species, and may require a permit under the *Threatened Species Protection Act 1995* and/ or *Environment Protection and Biodiversity Conservation Act 1999*.

Contact the Council's NRM Unit on 6211 8200 for more information.

Felling or lopping trees on private land

Council's *Health and Environmental Services By-law 3 of 2011* places restrictions on removing trees on private land.

A permit is needed before lopping, damaging or removing any Tasmanian native tree that:

- has a trunk circumference of more than 80cm (at 1.5m or more above ground level);
- Is listed on a register of significant trees; or
- Is protected under an agreement under Part 5 of the Land Use Planning and Approvals Act 1993 or covenant on the title.

You'll need to fill out and lodge an application form. Application forms and further information regarding tree removal can be found online at www.kingborough.tas.gov.au or collected from Council's Civic Centre.

Environmental weeds on private properties

Environmental weeds are opportunistic and commonly become established in disturbed bushland, along roadsides and on vacant land. People wanting a weed positively identified should contact Council's NRM Unit. Staff can also provide information on the best methods for controlling noxious weeds on your property.

Some plants are so invasive they are listed as 'declared' weeds under the *Weed Management Act 1999 (Tas)*. Declared weeds have a special legal status that requires landowners and managers to eradicate or control them. Council has authorised Weed Officers who are able to require residents control declared weeds on their property.

Coastcare and Landcare

Kingborough is a place of significant natural values and contrasting landforms which support a wonderfully diverse array of animals, plants and ecosystems. Devoted teams of coast care and landcare volunteers help to protect and maintain these precious natural assets so that not only the community benefits, but so do the generations to come. Kingborough Council is proud to support and work closely with these coast and landcare groups and values the contribution and commitment they make to our landscape.

With a range of activities to become involved in, and dozens of groups working across the municipality, there is bound to be a venture that is just right for you.

For more information on Coastcare or Landcare groups in Kingborough, including how to join them as a volunteer, please call the Council's NRM Project Officer on 6211 8200.

ENVIRONMENTAL MANAGEMENT

Woodheaters and Air Quality

Current legislation places restrictions on emissions from woodheaters, fireplaces, incinerators and open air fires. You can minimise woodheater smoke by using dry, untreated wood, using small logs, stacking wood under cover in a dry ventilated area, and burning the fire brightly.

Open Air Burning

Council by-laws prohibit open-air burning in residentially-zoned areas or any premises with an area smaller than 2,000 square metres. On all other properties, regardless of zoning, you must ensure that burning doesn't create an environmental nuisance through smoke or odour.

Noise

There are a range of issues considered by Council when investigating noise concerns. For complaints outside normal working hours, especially party noise and amplified music, contact your local police station.

[For more detailed information on restricted times and days for certain noise activities please refer to Council's website or contact the Environmental Health team on 6211 8200.](#)

Onsite Wastewater Management

Council can provide advice about onsite wastewater disposal systems, including the installation, operation and ongoing maintenance of septic tanks, aerated wastewater treatment systems, composting toilets and other alternative systems. Information about accredited wastewater treatment systems in Tasmania can be found on the Tasmanian Department of Justice website. A suitably qualified wastewater consultant will be required to provide specific recommendations on which type of system is best suited to your property.

Additional compliance requirements

- Even if you are complying with the required times and distances for activities, you must still ensure you're not creating an environmental nuisance through excessive or annoying noise levels.
- There are specific heat-pump noise regulations which can be found online at www.thelaw.tas.gov.au.

Chainsaws

These cannot be operated within 300 metres of other residential premises unless:

- the chainsaw is operated by, or with the consent of, the occupier of the other residential premises within that distance; or
- in the case of a residential premises, the chainsaw is operated for the purpose of domestic garden maintenance on only one day in any seven consecutive days (i.e. one day a week) within the permissible times specified.

There are also provisions to use a chainsaw if the use is 'approved', for example – if a permit has been issued by the Environment Protection Authority (EPA).

Off-road/recreational vehicles or vessels, for example – trail bikes and jet skis

These cannot be used within 500 metres of other residential premises unless:

- the off-road/recreational vehicle or vessel is operated by or with the consent of the occupier of the other residential premises within that distance; or
- a permit has been issued by the EPA.

PUBLIC HEALTH

Immunisations

Immunisation clinics are held at the Kingston Community Health Centre from 10am to 11am on the first and third Friday of every month. Appointments are not necessary, and they're conducted on a first-in, first-served basis.

Children are immunised for free at both these clinics and through the School Immunisation Program.

Council can provide copies of your immunisation records if they have been administered at a Council clinic or through a school program in the Kingborough municipal area. Council does not keep records of immunisations administered privately, by your local doctor, or at a school in a different municipal area.

Food Safety

Kingborough has over 240 registered food businesses. Sampling and surveillance is conducted regularly - focusing on a range of different food products and surfaces. We look at bacterial levels in locally manufactured products, bacterial levels of food contact surfaces, compliant labelling and food claims, and adherence to the Food Standards Code.

Council also offers a free online training program called I'M ALERT, which can be accessed at www.kingborough.imalert.com.au.

If you're having a sausage sizzle, school fair or other temporary food stall, you must apply for registration. Applications for all temporary food stalls can be made online.

The application form is on Council's website www.kingborough.tas.gov.au.

Water Monitoring Programs

Public pools and spas are sampled on a monthly basis to ensure they're suitable for swimming.

Council also conducts weekly water sampling during the summer months at the main Kingborough beaches, as part of the Derwent Estuary Program's recreational water quality monitoring program. These results are reported in the Saturday Mercury newspaper and on the Council's Facebook page. A range of other sites are sampled monthly.

Sharps Disposal

If members of the public find abandoned sharps, contact Council to arrange for an officer to safely remove it. Sharps should be handled with extreme care, or preferably - not at all.

ANIMAL MANAGEMENT

Dog Management

Kingborough has approximately 6,000 registered dogs. Council encourages community members to follow some simple rules for a harmonious, animal friendly municipality.

- All dogs over six months need to be registered and micro-chipped unless an exemption is received.
- Registration needs to be renewed every financial year.
- Keep all your contact details regarding your dog up-to-date.
- Keep your dog under effective control at all times. Kingborough has some great dog facilities. [There's more information at www.kingborough.tas.gov.au](http://www.kingborough.tas.gov.au).
- Dogs can create a significant noise nuisance. Managing dog noise nuisance concerns is timely and expensive for Council to investigate. If you believe your dog may be creating a nuisance, take proactive action to reduce it.
- In general, unless they're working dogs, you'll need a licence to have more than two dogs, over the age of six months, at any one property.
- Adhere to all relevant signage about prohibited and restricted areas. We don't want to spoil our natural resources.
- If you've lost your dog, contact Council. We may be able to get your friend back to you quickly and safely.

If you find a lost dog, please help the Council to return it to its owners.

Council has limited after-hours resources for animal management, and after-hours callouts are a significant cost to ratepayers. People who find lost dogs are encouraged to help Council keep the costs low by caring for the dog, where possible, until the next working day.

Cat Management

To provide safer conditions for both your pet cat and for native wildlife:

1. **Have your cat desexed**
 - A desexed cat lives longer and is less territorial. It will be less likely to wander, fight and mark its territory.
 - Desexing prevents unwanted litters of kittens that contribute to stray and feral populations and thus to the ongoing demise of native wildlife.
 2. **Identify your cat as a pet**
 - Lost cats that are microchipped, collared and tagged may be easily identified and returned to their owners.
 3. **Never dump your unwanted kittens**
 - Dumped cats can become stray or feral and will prey heavily on wildlife. Unwanted animals should be given to a good home or humanely euthanised. Contact your local veterinarian or cat shelter for assistance.
 4. **Keep your cat from roaming**
 - Cats kept indoors or in a special 'cat yard' will not prey on wildlife.
 - Pet cats that are prevented from roaming are protected from injury and from catching diseases from feral cats. Desexed cats that don't roam will live, on average, four times longer than cats that do roam.
 - Some people only confine cats at night. This will reduce their impact on nocturnal wildlife, but not on wildlife such as lizards and birds that are active during the day.
- Keep your cat confined both day and night.

[For more information about cat management in Kingborough visit www.kingborough.tas.gov.au](http://www.kingborough.tas.gov.au) or [contact Council's Cat Management Project Officer on 6211 8200](mailto:cat@kingborough.tas.gov.au).

PARKING

Kingborough Council manages parking rules and time limits on all public roads and council controlled areas in the municipality.

That includes timed parking, no stopping and no parking signs, loading zones, disabled parking and permit parking.

All-day parking is available at the back of the John Street carpark. Park and Ride users have two carparks available - Denison Street below Calvin Christian School, and at Huntingfield near the Algona Road / Channel Highway roundabout.

Disability Parking

There are disability spaces available around Kingborough. You must display your current disability permit from your rear view mirror. Council recognises permits from all States and Territories.

Tasmanian permit application forms are available from Service Tasmania.

STREET LIGHTING

Council often receives enquiries from residents about faulty streetlights, or requests for street light activation in new subdivisions.

Most streetlights are maintained by TasNetworks and any damaged or malfunctioning lights can be reported directly to them on 132 004. Every pole has its own unique tag number and this information is useful for TasNetworks when reports are made.

Requests to upgrade lighting or for installation of new streetlights should be made to Council through Customer Services on 6211 8200 or via email at kc@kingborough.tas.gov.au.

PLANNING, BUILDING AND PLUMBING

Planning any changes to your home or property?

You may need Council planning, building and plumbing approval before starting work. Call us on 6211 8200 to find out.

Planning

When do I need Planning Approval?

The Planning Permit process regulates how land can be used and developed. The Council has an objective role assessing proposals against its Council's Planning Scheme and Tasmania's planning legislation.

The planning approval process, also known as Development Application (or DA's), focuses particularly on a proposal's impact on the site and neighbouring land.

You'll usually need a Planning Permit to develop or subdivide land. That includes constructing or extending new buildings, extending the existing use of buildings, using land or buildings for a different purpose, demolishing a building, removing trees and vegetation, or doing earthworks.

Please note: There are substantial penalties for undertaking development without a permit.

Building

The Building Permit process regulates how buildings can be constructed and altered. Proposed buildings, structures and alteration works are assessed against the Building Code of Australia (BCA). Demolition also requires a building permit.

A Building Permit can't be issued until the Planning Permit (above) has been approved. In most circumstances, building work will need a permit unless it's exempt under the Building Regulations 2004.

It's the builder's and owner's responsibility (whether they're the main contractor or sub-contractor) to get a valid Building Permit before starting any building work.

Please note: There are substantial penalties for undertaking building work without a permit.

Plumbing

When would I require a Plumbing Permit?

A Plumbing Permit will usually be needed in conjunction with a Building Permit, because most buildings include some form of plumbing work - whether it's drainage (sewer or stormwater), water or roof plumbing.

In some cases, a Building Permit may not be required, but a Plumbing Permit will be. Anyone considering building or plumbing work should contact the Council for advice, before starting. (Note: If you're intending to replace your existing drains, you'll need a Plumbing Permit).

Where else can I go for information on planning, building and plumbing matters?

Contact Council's Customer Services on 6211 8200, or visit the Development page at www.kingborough.tas.gov.au.

There's also useful information the following websites:

Tasmanian Planning Commission:
www.planning.tas.gov.au

Information on interim planning schemes, planning scheme amendments and upcoming hearings are available at www.iplan.tas.gov.au

Resource Management and Planning Appeals Tribunal: www.rmpat.tas.gov.au

BRUNY ISLAND FERRY

The Bruny Island Ferry operates between Kettering and Bruny Island seven days a week, all year round.

General Information

No bookings are taken and the open return tickets are valid for any day.

Fares are available online or by contacting the Bruny Island Ferry.

Islander Fares are available to Bruny ratepayers and residents displaying the current Islander sticker. Prepaid 10 trip tickets are available for Bruny ratepayers and residents only. Some conditions do apply; please contact the Bruny Island Ferry for further information.

Contacting the Bruny Island Ferry

Timetable information: 6273 6725

General enquiries: 6272 2322

Website address: www.brunyislandferry.com.au

Email: enquiries@brunyislandferry.com.au

Address: 4 Hornby Road, Glenorchy 7010

KINGBOROUGH WASTE SERVICES

Kingborough Waste Services (KWS) is a business wholly-owned by Kingborough Council.

KWS operates the Barretta Waste Transfer Facility at 1922 Channel Highway, Barretta, which includes a Re-Use Shop, recycling and green waste areas, and general refuse drop-off points.

KWS also operates the Bruny Island Waste Transfer Station.

Opening Hours - Barretta

Green Waste, Recycling Area and General Refuse

Monday – Friday: 7.30am to 4pm

Saturdays, Sundays and Public Holidays:
9am to 4pm

Opening Hours - Bruny Island

Mondays, Fridays, Saturdays and Sundays only:
8am to 3.30pm

Both sites are closed on Good Friday and Christmas Day.

Disposal Fees and Charges

The disposal fees and charges are available on Council's website.

How to contact KWS

In Person:

At the Barretta Waste Management Facility,
1922 Channel Highway, Barretta

By Mail:

The Manager, KWS, Locked Bag 1, Kingston,
TAS, 7050

By Phone:

(03) 6267 2337 (during site opening hours)

By Email: mail@kwservices.net

Web: www.kingborough.tas.gov.au

Re-Use Shop, Barretta

Opening Hours

Open Daily: 9am to 4pm

(closed on Good Friday and Christmas Day).

The shop accepts and sells items that can be re-used in any way. The list of options is extensive and includes kitchen items, furniture, working electrical items (they will be checked), clothing, rugs, sporting items, gardening tools, timber, dog kennels, corrugated iron, barbeques and much more. Perishable or broken items are not accepted.

There is ample parking available for bargain hunters next to the shop and at the drop off point where goods are assessed by staff for their suitability for resale. Staff are always on site to assist customers.

For Re-Use Shop enquiries call (03) 6267 1522.

Recycling Area

There's plenty of parking for easy disposal. Staff are available for help and advice on disposed goods meeting recycling standards.

Suitable recycling items include oil, batteries, glass bottles and jars, timber, cardboard, as well as co-mingled goods like plastic bottles, milk cartons and paper. **Drop-offs at the recycling area are free of charge.**

General Waste / Green Waste

Customers enter and leave via the toll booth and weighbridges, where their vehicle is weighed (green waste excepted). Customers must pay either a minimum charge or the cost based on the weight difference of their vehicle (in versus out).

For green waste, vehicles must stop at the toll booth where the operator will estimate the charge at cubic metre rates. Payment is made at this point, and customers are then directed to the drop off point. The rate for green waste is calculated by the volume (length by width by height) of the load. Customers still leave via the exit-weighbridge.

Waste Not Accepted

The following waste is not accepted.

- Asbestos,
- Controlled (hazardous) waste,
- Household or farm chemicals (only clean drumMUSTER containers are accepted),
- Liquid waste (such as septic sludge),
- Clinical (medical) waste, and
- Building and construction waste greater than 5m³.

Barretta and Bruny Island are drumMUSTER receiver sites. Call KWS on 03 6267 2337 to arrange a drumMUSTER drop off.

To find out more about drumMUSTER visit www.drummuster.com.au.

WHEELIE BIN SERVICE INFORMATION

Each bin has a serial number and is assigned to a property (not the owner/tenant).

Begins belong to the Council. If you move house, the bins must stay at the property.

Please report any loss or damage to Council on 6211 8200, or e-mail kc@kingborough.tas.gov.au. Council will arrange for the bin(s) to be repaired or replaced. Council may impose a fee for replacing stolen wheelie bins, if there was a previous loss from that property.

Household waste *(collected weekly)*

The standard wheelie bin size for household waste is 80 litres, and is emptied weekly. Residents are eligible to upgrade their bin to a 120 litre or 240 litre bin, with an additional charge added to the rates notice. All upgrades incur a one-off administration fee.

Handy Hints

DO

-  Place bins on the kerbside no later than 6am on the designated collection day, or preferably the night before.
-  Keep each bin at least one metre from obstacles like parked cars, letter boxes, street or power poles, trees, signs, fences or other objects that could make them difficult to collect.
-  Place the correct items in the correct bins and avoid contamination.
-  Place the bin facing the road.
-  Remove wheelie bins from footpaths as soon as possible after collection.

Household recycling *(collected fortnightly)*

The standard wheelie bin size for household recycling is 140 litres and is emptied fortnightly. Residents are eligible to upgrade their bin to a 240 litre bin, with an additional charge added to the rates notice. All upgrades incur a one-off administration fee.

To upgrade either of your wheelie bins, contact Council's Customer Services on 6211 8200 or e-mail kc@kingborough.tas.gov.au.

Collection Days

For information on collection days please contact Council's Customer Services on 6211 8200 or go to www.kingborough.tas.gov.au.

DON'T

-  Overfill your bins. Make sure your bin lid can close.
-  Leave additional refuse. Anything left lying beside or overflowing from bins will not be collected.
-  Compress the contents of the bin, as this makes emptying difficult.

RECYCLING GUIDE

The below items can be included in your recycling.

Aluminium and steel cans

Food and drink cans, including pressure packs and pet food cans. Please wash all food and drink cans and do not crush.

Milk and juice cartons

Wash and flatten cartons and place them inside each other to make a brick.

Cardboard, newspapers, magazines, junk mail and office paper.

Please do not secure in plastic bags.

Glass bottles and jars

Rinse and remove all caps and lids. Please do not include window glass and do not break glass.

Plastic beverage, food & non-food containers

Margarine, ice cream, yoghurt, shampoo and household detergent containers, plus other containers with the triangle symbol 1-7. Rinse and remove lids.

Please do not include the following items in your recycling.

- Domestic waste
- Plastic bags
- Meat trays & foam trays
- Squeeze tube toothpaste containers
- Polystyrene & foam
- Drinking glass, window glass, light bulbs or broken glass
- Motor oil, acid, solvent or chemical containers
- Hoses and cables
- Clothing and shoes
- Cigarette cartons & packets
- Cardboard pizza & takeaway food containers
- Ceramics, pottery, cookware & cutlery
