

Enjoy the impressive cliffs framed by giant ash on this short creek-side walk. A section of the track between Moodys Road and Crofton Drive was constructed with volunteers from the Trail Riders Action Club. A recent addition in 2018 now extends the Crofton Drive Track across Allens Rivulet and up to Allens Rivulet Road. The Allens Rivulet/Sandfly Landcare Group helps care for this site.

40 minutes return

2 km return

Ample parking at Platypus Bridge. Horse float parking on verge in Sturmer Close off Crofton Drive.

Natural grassy surface, level, can be muddy.

Be careful with slippery stepping stones when crossing the creek. Do not attempt to cross the rivulet if water level is high.
