

A pleasant track through rural countryside and light bush with excellent views of Cathedral Rock. A good place for botanists, with many threatened species and some appearing in unusual locations, including the critically endangered spicers everlasting and the rare broadleaf boronia. Native orchids can be found throughout the year.

1.5 hours return

5 km return

Limited parking at each end of track.
Horse float parking at Leslie Vale Oval or along Bullock Drive grass verge.

Natural grassy surface, can be quite muddy, one narrow bush section.

Note: Links up with Picket Hill Track (4), which is across Leslie Road
